FAQ

Visa and Passports

Passport holders of most western countries are required to obtain a visa on arrival which allows stays up to 30 days. Visa and Passport regulations for different countries are constantly in a state of flux. We always advise our guests that they check regularly for updates and changes. Please make sure that your passport has validity of at least 6 months upon arrival into Indonesia. You may be required to show a confirmed ticket to leave Indonesia within the maximum number of days you are allowed to stay in the country.

Time Zone

The time varies depending on your location in Indonesia; GMT + 7 (West) in Sumatra, Java and Western Borneo; GMT + 8 (Central) in Sulawesi, Lesser Sunda Islands, Bali and Eastern Borneo; GMT + 9 (East) in Papua and Maluku.

Health

Health services in Indonesia are by no means up to western standards, although there are hospitals in all major towns. We do advise all guests to ensure that vaccinations are up to date. We recommend that travelers follow normal precautions with food in order to prevent stomach upsets, and be sure to drink bottled water only. Please consult your doctor or nearest health authorities for up-to-date medical travel information well before departure.

Language and Religion

The spoken language in Indonesia is Bahasa, however, nearly all Indonesians who work in the tourism industry speak English. 88% of all Indonesians are Muslims, and about 8% Christians. There are size-able minorities of Hindus and Buddhists who freely pursue their respective faiths.

Climate and Weather

Indonesia is a tropical country, and the climate is fairly even all year round being roughly divided into two distinct seasons, 'wet' and 'dry'. The east monsoon, from June to September brings dry weather while the west monsoon, from December to March, brings rain. The transitional period between these two seasons alternates between gorgeous sun-filled days and occasional thunderstorms. Even in the midst of the wet season temperatures range from 21°C (70°F) to 33°C (90°F), except at higher altitudes which can be much cooler. The heaviest rainfalls are usually recorded in December and January. Average humidity is generally between 75% and 100%.

Clothing and Footwear

Dress on board our yacht is very casual and most guests feel comfortable in little more than swim wear, shorts and t-shirts, particularly in the warm weather of Indonesia. A sweater is advised for cooler nights, particularly after multiple dives. Guests prefer bare feet on board the yacht; however island visits will require sturdy sandals or cross-trainers.

Electricity

On board the yacht we have both 220V and 110V with 2 round pin sockets. (European style)
Please make sure you bring universal adapter with you if necessary. On land 220/250 volts AC, 50Hz but 110 volts is still used in some areas. Plugs used are European-style with two circular metal pins.

Money Matters

The local currency is the Indonesian Rupiah (IDR). The majority of established hotels, shops and restaurants accept major credit cards. However, smaller, family-run places probably will not. Worldwide Dive and Sail advises guests to exchange money prior to the departure of the trip and have small denominations of Indonesian Rupiah on hand

Airport Terminal Fee

Passengers travelling within Indonesia are required to pay airport terminal fees. This varies from airport to airport; please ensure you have small denominations of local currency on hand to pay these fees.
